This changes everything. Again.

18+ MODULES

BI ANALYTICS

TRACEABILITY

IN-BUILT AUDIT TRAIL

OFFLINE / ONLINE OPTIONS

LIVE FLEET PERFORMANCE

AGILE SYSTEM IMPLEMENTATION

PMS TYPE APPROVED BY DNV-GL

YEARLY HSEQ PLANNER & TRACKER

INTEGRATED FINANCIAL REPORTING

Price of our software is a fraction of costs

one day of an unplanned off-hire

occurrence of incident due to pollution

an avoidable structural damage in critical areas

hiring an junior resource for compliance paperwork

an unmanaged fluctuation of foreign exchange rates

frequent travelling of crews due to short term changes

SAVVYMARINE

integrity | value | creativity

SAVVYMARINER

The most powerful
ship management software ever.

On using SAVVYMARINER

key-staffs excellence

informed decision making

easy vendor management

inventory management

enhanced security

share best practices

drydock cost

fuel cost

operational cost

communication cost

Productivity
higher is better

Cost
lower is better

On using SAVVYMARINER

environment footprint

vessel safety

operational efficiency

key stakeholder's satisfaction

regulation compliance

Transparency & data sharing

Performance
higher is better

lesser turnaround times

reduced detentions and delays

reduced off-hire
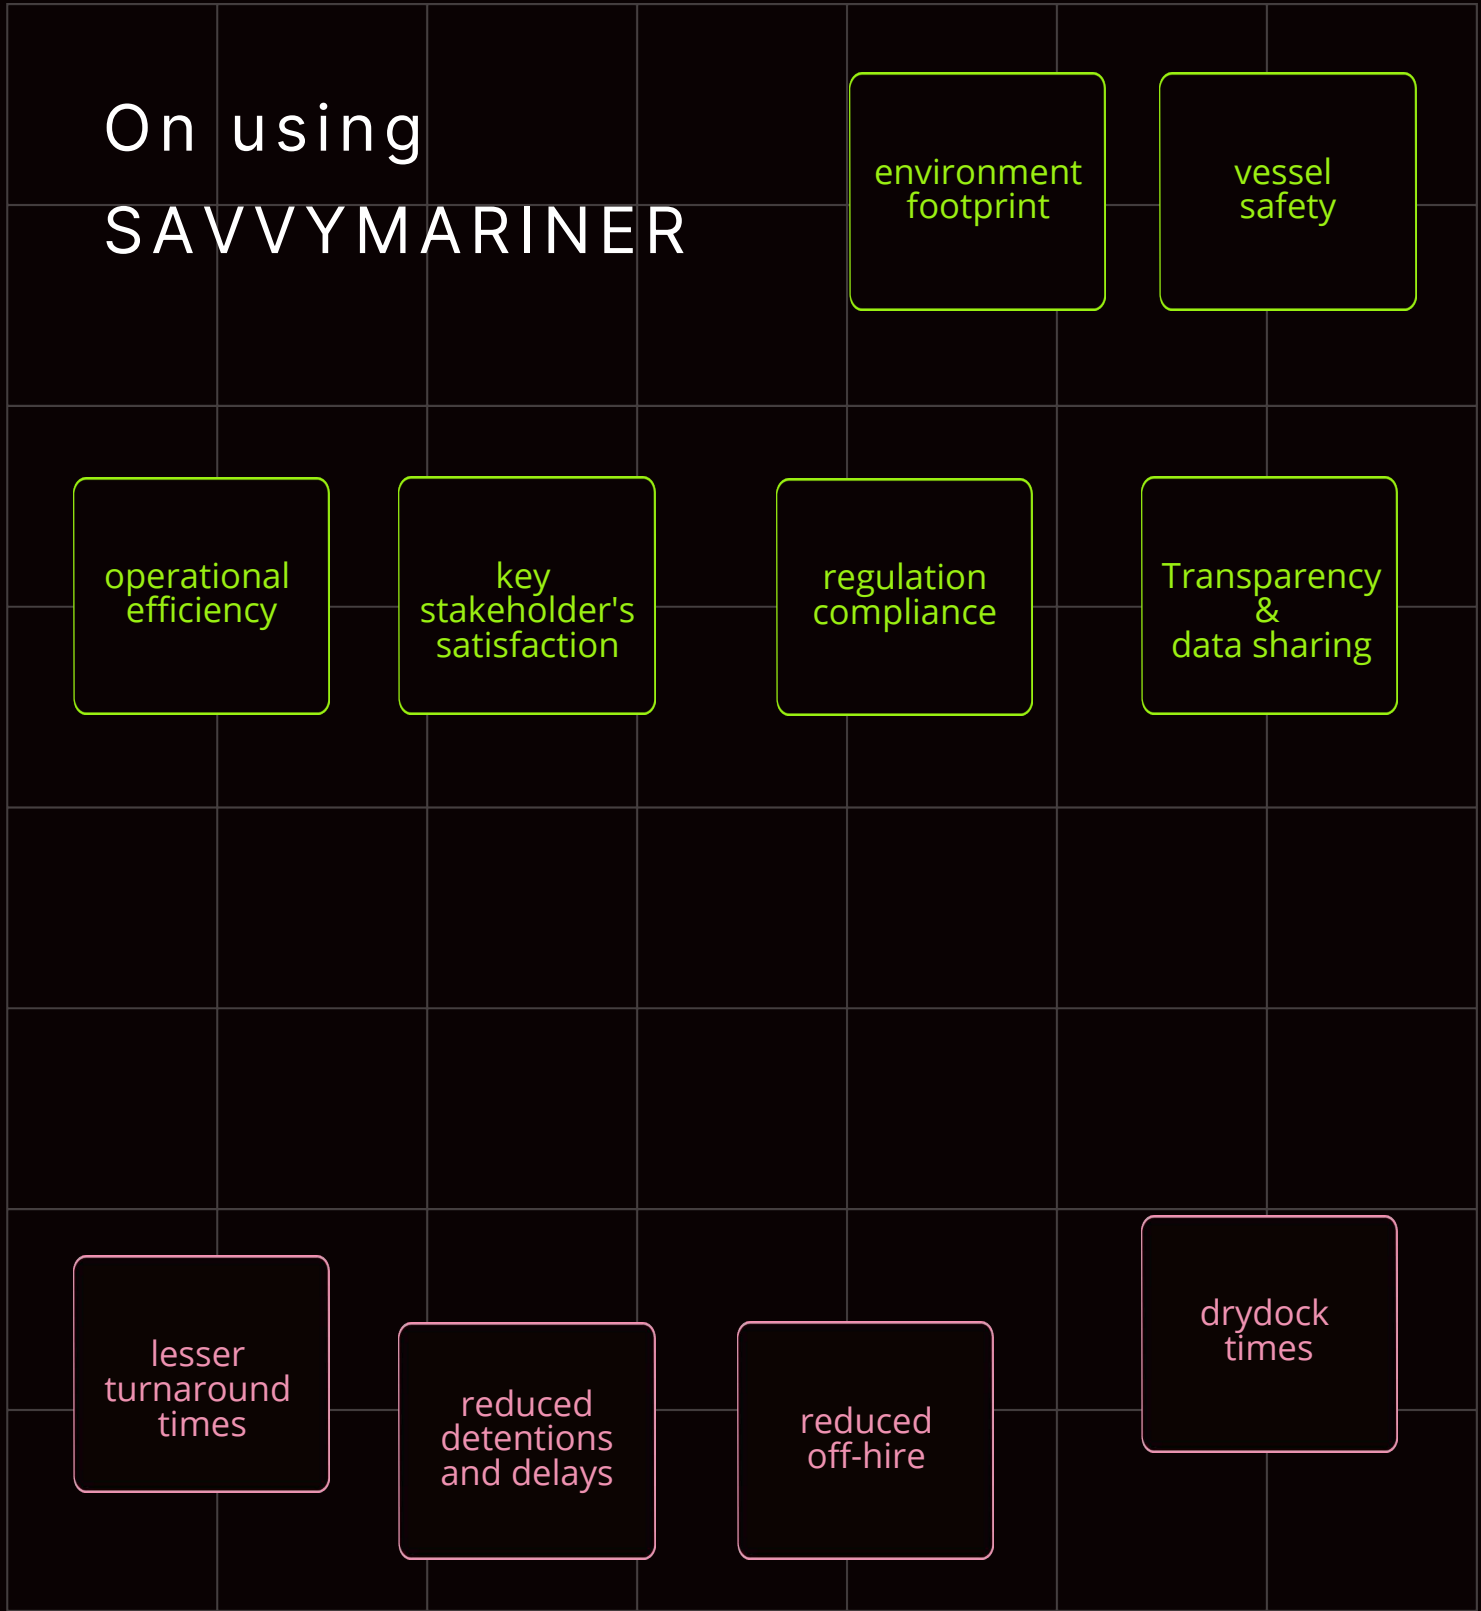

drydock times
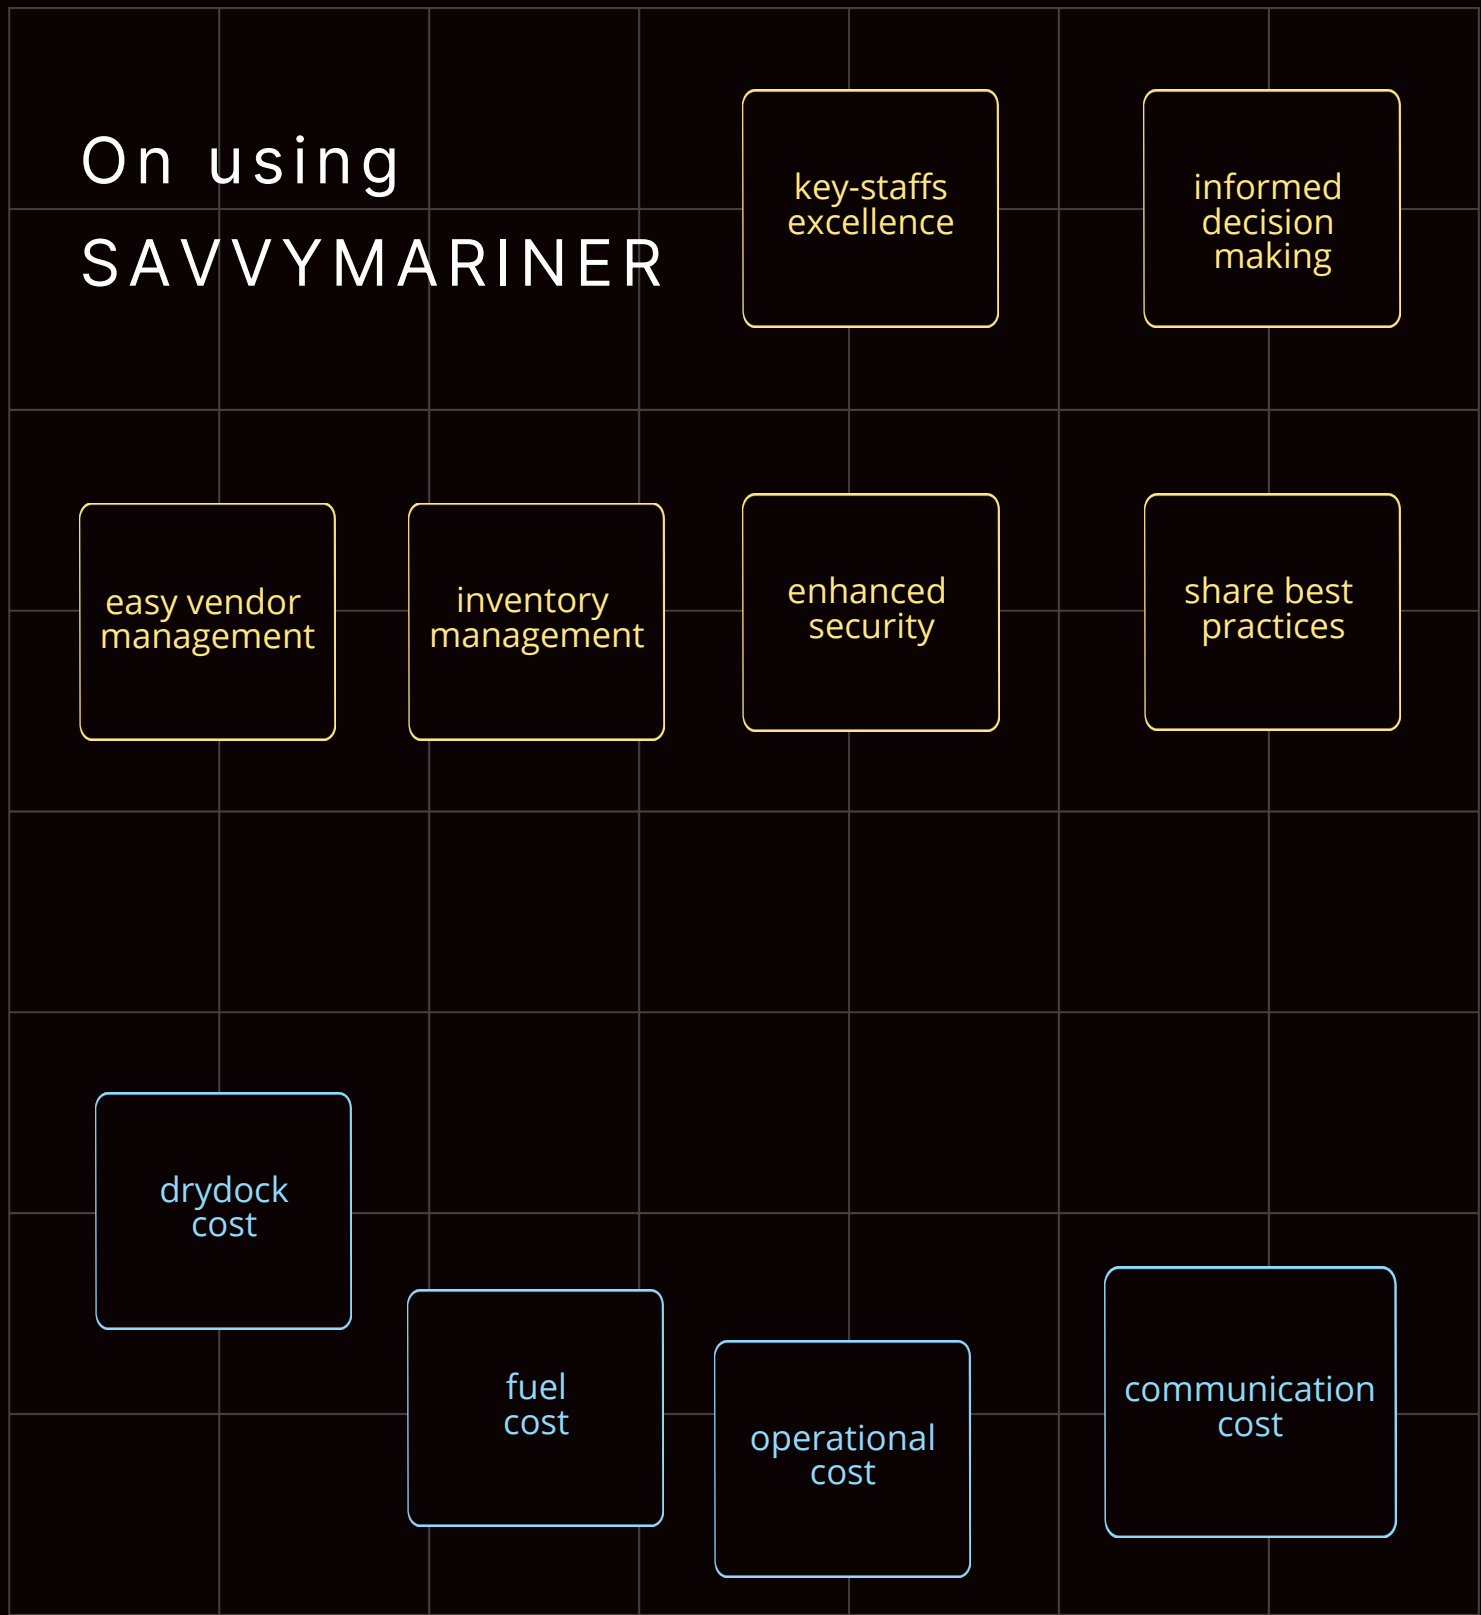

Timeframe
lower is better

Key Features
detailed

- **Tasks** and **Reminders**
- **instantaneous** reports
- auto data linking for **traceability**
- periodic **e-alerts** for fleet supervision
- harness your data using **data analytics**
- complete **transparency** with key stakeholders
- visualize and share data from **integrated** data store
- fully integrated system on **Microsoft Azure** platform

SAVVYMARINER
ON CLOUD

A big step for small.

voyage events log

end to end log maintenance of entire ship's events

E E X I

C I I

centralized seafarer database

documention repository

optimization of vessel maintenances

categorize unplanned, planned, defect jobs with fleetwide reporting

operating expense analytics

actionable insights for reducing expense and increasing compliance

SAVVYMARINER

Brilliant. In everyway.

<0.03% of month TCE

effectiveness of HSEQ management
